Compliance Reporting

CELLULAR

Daily uploads at a low cost on the nation's newest 4G LTE networks

QR Code

Free smartphone app puts the reporting power in your hand, simply scan and go

WiFi

Using the patient's in home internet, daily uploads are reliable and free of transmission fees

iCode® with IVR

Summary data is as easy as a phone call, voice recognition means no buttons to push just schedule in iCodeConnect and the system walks the patient through the simple process, by the time they hang up your compliance report is fully loaded

SD Card

3B PAPS come standard with an SD card, no proprietary reader, no proprietary card, we make it convenient to track compliance

iCodeConnect™ Makes Compliance Easy

iCodeConnect is a comprehensive and ever evolving cloud based platform to store , gather and archive your compliance data. In addition, iCodeConnect includes software additions such as MyPatient Watch and 3B Patient TouchPoint. Both innovative products allow you to tailor usage, compliance, feedback and coaching in a variety of formats

iCodeConnect™

At 3B™ Medical, we understand the challenging demands of compliance reporting in an environment of declining reimbursements. For this reason, 3B™ offers more low or no-cost solutions for remote compliance data reporting than any other manufacturer, with options ranging from Cellular Modem, WiFi, QR Coding on smart phone apps, and Interactive Voice Recognition. At 3B™ we are leading the way, and innovating new ways to reduce cost and improve efficiency.
